THE LIBRARIANS

A gripping film showing how librarians are emerging as first responders in the fight for democracy and our First Amendment Rights, with Nov. 9 panel discussion.

THE SMASHING MACHINE

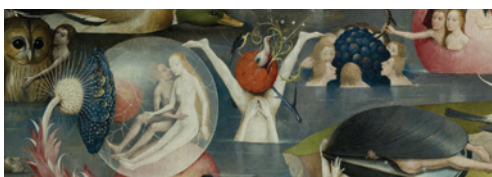

The Rock stars in this emotionally gripping sports drama about the life of mixed-martial arts and UFC phenom Mark Kerr.

HELL SQUAD 2: FRESH MEAT

Locals Only Night: Filmmaker Showcase

A traumatized cheer captain races to stop a masked killer and a new tourist attraction aimed to exploit the tragedy that killed her squad a year earlier.

HIERONYMUS BOSCH: TOUCHED BY THE DEVIL

Mornings with the Arts: Using X-rays and other methods, this film uncovers secrets behind the chaotic artist's 500 year-old religious paintings, often depicting hell and the devil.

ROCKY IV: ROCKY VS. DRAGO

This film's 35th anniversary Director's Cut re-release removes many original scenes and replaces them with 38 minutes of previously unseen footage.

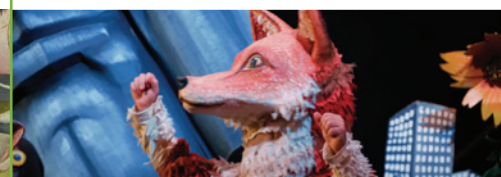

STITCHING STRENGTH

This documentary film captures Dr. Rick Bedlack's fight to cure ALS, a story of bold fashion and even bolder optimism, strength, and the power of belief.

DOWNTON ABBEY: GRAND FINALE

Follow the Crawley family and their staff as they enter the 1930s. Faced with public scandal and financial troubles, the family must embrace change and the next generation.

GEN X: THE SAGA OF FOREVER CHEMICALS

Work-In-Progress Screening: A first-hand account of a community faced with decades of contamination and how their unification with others is systematically fixing the worst pollution crisis in world history.
